

# JSE SERVICES SDN BHD

**A COMPREHENSIVE FIRE SAFETY &  
PROTECTION SOLUTIONS PROVIDER WITH  
EXPERTISE IN ELECTRICAL ENGINEERING  
TRAINING & CONSULTANCY**

[www.jseservices.info](http://www.jseservices.info)

# INTRODUCTION

Established in July 1995, JSE Services Sdn Bhd (JSESSB) is a **Fire Protection Specialist** and **Training Provider** with over three decades of industry experience. The company began with the design and prefabrication of fire protection piping systems, including automatic sprinkler, wet and dry riser, and gaseous systems, and has since grown into a trusted distributor and solutions provider for a wide range of fire protection and safety systems and equipment.

Today, JSESSB offers end-to-end services encompassing system design, supply, installation, and maintenance of fire-fighting systems and accessories. Expanding beyond engineering solutions, JSE Services is also actively involved in professional training and consultancy, covering fire safety, hazardous materials (HAZMAT), CBRNe preparedness, and occupational safety.

Guided by the leadership of Mr Steven Ooi, the company continues to broaden its capabilities into related mechanical and electrical services, delivering comprehensive, practical, and value-driven solutions to meet the evolving needs of its clients.

# VISION AND MISSION

## Vision

To be the preferred provider of trading, installation, training, and consultancy services in fire safety and rescue systems.

## Mission

To provide full commitment to fire and rescue services, including training and consultancy, delivering professional excellence, superior services, and quality products to our customers.

## Our Commitment

At JSE Services Sdn Bhd, we pride ourselves on consistently providing dependable and effective fire protection products, systems, as well as training and consultancy services to our clients. Fire safety and protection is not merely a business to us; as one of the leaders in the industry, our top priority is ensuring competence and integrity in all that we do.

Our absolute commitment to placing efficiency above profitability is something our clients, consultants, contractors, and suppliers can always expect and rely on.

## Our Approach

Applying our “Total System Approach”, we are a one-stop centre offering a complete range of fire safety and protection services, including training and consultancy. From initial consultation to implementation and ongoing support, we deliver solutions within cost and specifications, in a timely manner.

## ADVISOR

### **STEVEN OOI ENG KOOI** **ADVISOR**

Mr Steven Ooi started out his career at M'calister & Co. Ltd. during the early 70s and he subsequently left to start Hart Engineering Sdn Bhd where he was a Director until 1978. He has over 40 years of working experience in the Fire & Safety Industries. He is very active in the local and international fire protection industry and holds numerous positions in various non-governmental

organizations related to fire protection. Due to his long time contribution to the Malaysia Fire industry, he has awarded the highest civilian award “ Pingat Ketua Pengarah BOMBA” in 2005 by the Fire and Rescue Department Malaysai (FRMD). He has also held the following positions:

- Chairman of the Confederation of Fire Protection Association (International)
- Treasurer of the Confederation of Fire Protection Associations (Asia)
- Past President/ Past Secretary of Malaysian Fire Protection Association
- Professional member of the Society of Fire Protection Engineers USA
- Member of the National Fire Protection Association USA
- Member of the Fire Protection Association UK
- Member of the IFE Institution of Fire Engineers (UK)
- Life member of the American Institute of Management
- Past present President/Committee Member of many other non-govermental organisations in Malaysia

## BOARD OF DIRECTORS

### **JOHN QUAH BEAN CHUAT** **DIRECTOR OF OPERATION**

With over four decades of experience in the fire protection industry, he began his career in 1980 as a Technician, where he developed a solid foundation in technical skills and problem-solving. His dedication and expertise soon propelled him into the role of Service and Maintenance Manager, allowing him to lead teams in ensuring the safety and reliability of fire protection systems. Recognizing the importance of blending technical knowledge with client

relations, he transitioned into a sales and technical position. This experience provided him with valuable insights into customer needs and the intricacies of handling switchboards, further enhancing his technical proficiency and customer service skills.

Subsequently, he advanced to the role of Technical Support Manager with a prominent Korean-based company, where he honed his ability to provide exceptional technical assistance and support. His experience encompasses a broad spectrum of technical and managerial responsibilities, and he takes pride in his ability to bridge the gap between technical operations and client engagement. Passionate about ensuring safety and efficiency in fire protection systems, he is committed to delivering high-quality service and support throughout all levels of projects he undertakes. His extensive background and hands-on experience position him as a reliable resource in the industry, dedicated to continuous improvement and customer satisfaction.

### **Ts. NURUL HASNAN BIN RAMLI** **CHAIRMAN OF TRAINING / DIRECTOR, SALES & TECHNICAL**

With a Bachelor's degree in Mechanical Engineering from MARA Technological University, he brings years of experience in the fire-related industries. Specializing in Fire Alarm Systems (Addressable & Conventional) Fire Suppression Systems, and Fire Detection and Mass Notification Systems, he excels in performing analysis, programming, and designing new Fire Alarm and Detection Systems. His expertise includes:

- ZITON Addressable Fire Alarm and Detection Systems
- NOTIFIER Addressable Fire Alarm and Detection Systems
- PERTRONIC Addressable Fire Alarm and Detection Systems
- Aspiration Smoke Detection Systems such as VESDA/ICAM (Honeywell) and FFAST (System Sensor)
- Fire Suppression Systems like JANUS FM200
- Fire Extinguishing Aerosol Systems such as FIREPRO
- Fire Extinguishing Wet Chemical Systems like RANGE GUARD

*With comprehensive knowledge and hands-on experience, he is dedicated to delivering top-notch solutions in fire protection and safety.*

## BOARD OF DIRECTORS

### **SUMITRA KARIMUTHU**

#### **DIRECTOR OF HR & ADMIN cum PA**

Sumitra Karimuthu is a versatile professional with a diverse background spanning the hospitality industry, corporate office settings, and the engineering/construction field. With extensive experience in HR, marketing, and communications roles, she excels in managing administrative tasks and providing crucial support to executives and directors. As a key member of JSE Services Sdn Bhd Sumitra's expertise and qualifications - including a Master's in Business Administration, Executive Diploma in Human Resources Management, and Certificate in Administrative Secretarial Studies - make her well-equipped to navigate various professional challenges.

### **MOHAMED RIZAL BIN MOHAMED RAZUL**

#### **DIRECTOR, MAINTENANCE & SALES**

Mohamed Rizal Bin Mohamed Razul has over 15 years of experience with Jaya Sarana Engineering Sdn. Bhd. He holds a Certificate in Electronics from Jasa Technology Centre, is certified as an AO Chargeman (Medium Pressure) by PSDC, and is a qualified Safety and Health Officer accredited by the Malaysian Association of Productivity. He is also a certified Fire Extinguisher Competent Person.

**RIZAL AKMAL**  
**DIRECTOR, SALES & PROJECT**

Rizal Akmal Bin Muda has a diverse range of work experience, including involvement in projects such as the construction of Hospital Taiping, maintenance and servicing at Nestle Manufacturing in Shah Alam, and new projects at various locations such as Panac Malaysia, Granito Condominium, and Hospital Bagan Speciality Centre. He has also worked on projects like MahaTower in Langkawi, servicing and maintenance at Infineon in Kulim and

B Braun in Penang, and new projects at locations like Ferrotec Kulim, VAT Manufacturing in Batu Kawan, and Intel and First Solar in Kulim. Additionally, Rizal Akmal holds a Bachelor of Engineering Technology (Hons).

**AHMAD TARMIZI BIN ABDUL HALIM**  
**DIRECTOR OF DRAFTING & TENDER**

Ahmad Tarmizi has been with Jaya Sarana Group since 1983, rising from an Office Assistant to Chief Draughtsman through dedication and proven capability.

An experienced AutoCAD specialist, he delivers precise and reliable technical drawings across a wide range of projects. He also plays a key role in the tendering process, contributing to the company's project success.

His extensive experience and commitment make him a valued pillar of the organisation.

## **SHARINAH BINTI JAAFAR**

### **DIRECTOR OF SUPPLY CHAIN MANAGEMENT**

A highly experienced professional with over 30 years of service across multiple functions within Jaya Sarana, including Sales & Marketing, Maintenance, Projects, Administration, and Store, currently contributing in the Supply Chain Management department. Possesses strong cross-functional knowledge of operations and business processes.

Also serves as an Internal Auditor, playing a key role in ensuring that company activities and procedures comply with ISO 9001:2015 standards. Holds a Diploma in Executive Secretary and is known for reliability, adaptability, and a strong commitment to organisational excellence.

# LIST OF OF TRAINERS

## **RAVI ARUNASALAM** DEP FIRE SUPT (R)

### **Experience**

Distinguished fire safety leader with 39 years of service in the Fire and Rescue Department of Malaysia, culminating in the rank of Deputy Fire Superintendent.

### **Key Roles**

Served as Fire Investigation & Forensic Officer; Fire Operations Commander; Fire Station Officer.

### **Core Expertise**

Fire Investigation & Forensic Analysis; Strategic Fire Operations & Emergency Management; Fire Safety Compliance & Engineering.

### **Qualification**

Diploma in Management; HRD Corp Accredited Trainer; SKM Level 3 (Fire, Rescue, and Hazmat); Kursus Asas Kebombaan; and other basic, intermediate, and advanced courses in fire-related fields.

## **MOHAMMAD SIRAJ SELVA BIN ABDULLAH** Sr. ASST. FIRE SUPT (R)

### **Experience**

Brings 35 years of extensive experience from the Fire and Rescue Department of Malaysia, having served in multiple senior roles.

### **Key Roles**

Held positions including Fire Station Officer, Fire Enforcement Officer, Fire Prevention Officer, and Hazardous Materials (Hazmat) Team Officer.

### **Core Expertise**

Operations and Disaster Management; Hazardous Materials (Hazmat) Management; Fire Certification; Fire Prevention.

### **Qualification**

Diploma in Secretaryship Science; STPM; HRD Corp Accredited Trainer; SKM Level 3 (Fire, Rescue, and Hazmat); Kursus Asas Kebombaan; and other basic, intermediate, and advanced courses in fire-related fields.

# LIST OF OF TRAINERS

## **G.K. RAMU** **SENIOR FIRE OFFICER (R)**

### **Experience**

Brings 25 years of experience in managing firefighting operations and rescue efforts.

### **Key Roles**

Led fire prevention enforcement initiatives; trained Emergency Response Teams (ERT); conducted fire safety awareness programs across multiple sectors; managed firefighting operations and training programs.

### **Background**

Took early retirement and continues to work as a trainer with a strong interest in Fire & Rescue, Occupational Safety and Health (OSH), and other related fields.

### **Qualification**

Degree in Human Resource Management; STPM; HRD Corp Accredited Trainer; SKM Level 3 (Fire, Rescue, and Hazmat); OSH TTT Trainer; Kursus Asas Kebombaan; and many basic, intermediate, and advanced courses in fire-related fields.

# ORGANIZATION CHART

JSE SERVICES SDN BHD

## ORGANIZATION CHART

## CORE BUSINESS

### FIRE PROTECTION

- Fire Alarm System
- Gas Suppression System
- Automatic Sprinkler System
- Hose Reel System
- Standpipe and Wet Riser System
- Dry Riser System
- Hydrant System
- Portable Fire Extinguisher

We also offer custom based client driven maintenance servicing. We have a team of capable experts to conduct periodic maintenance services, as well as perform inspection, testing, refilling and rectification of all types and makes of portable and fixed firefighting and safety equipment. This is a 24/7 service made available to our clients, in preparation for any urgent or emergency situations.

All our designing, installation, testing and commissioning Fire Protection Systems are in compliance with Local and International Standards, including:

- *National Fire Protection Association US (NFPA)*
- *Loss Prevention Council (LPC)*
- *FMI/UL Approval*
- *BS (British Standard)*
- *China Standard*
- *Malaysian Standard*

## CORE BUSINESS

Fire,  
Rescue &  
Safety

Since our inception in 1995, we have constantly grown and improved ourselves, striving to provide the best in fire, rescue and safety services and equipment. Since then, we have secured and have a well-rounded portfolio of clients, both in the private sector and with the Fire and Rescue Department Malaysia (FRDM). Currently, we provide a variety of high-quality products that are of international standards.

Products that we supply are thoroughly vetted to meet industry standards requirements.

Gimaex-Schmitz : Specialised Fire Trucks

LHD Lion : Specialised Protective Clothing for the Fire Protection Services.

Haagen : Specialised Fire and Safety products, design/manufacturing, covering portable fire props to large-scale multi-disciplinary training complexes

# SERVICE AND PRODUCT

## JANUS

FM-200® is a clean, colorless, and environmentally friendly fire suppression agent that is electrically non-conductive and safe for humans. In normally occupied areas, people can breathe FM-200 at extinguishing concentrations without fear as it is used as a propellant in inhalers for asthmatic patients.

It extinguishes flames primarily through heat absorption, leaving no residue, thus minimizing downtime after a fire, and making FM-200 suppression systems accepted and respected worldwide. FM-200 does not leave harmful or messy residues that could damage delicate electronic and data processing equipment.

## PERTRONIC

The Pertronic F120A is a modular, expandable, intelligent fire alarm control panel, capable of monitoring more than five thousand addressable devices including up to 3,180 sensors and 1,980 input or output modules. It is intuitive, and has versatile programmable features; equipped with a large selection of options, all of the above features ensure that the F120A can be readily tailored to individual project requirements.

### *Advantages:*

- *2 loops, expandable to 20 loops in a single panel*
- *Each loop capable of up to 159 detectors PLUS 99 modules*
- *Open choice market for detector & module purchase selection*
- *256 Zones & multiple detector operation within the same zone*
- *Loops are protected against short-circuit and over-voltage*
- *Extensive mapping*
- *The sensitivities of the detectors can be varied to suit different applications*

# SERVICE AND PRODUCT

## FIREPRO

FirePro is a aerosol extinguishing system. They come in units which are non-pressurized and stand-alone units.

### ADVANTAGES

- *Low Initial Investment*
- *Minimal Maintenance*
- *Shorter Installation Time*
- *Long Life Span*
- *Environmentally Friendly*
- *Does Not Produce Toxic Gases*
- *Does Not Reduce Oxygen In The Premises*
- *Compact And Saves Place*
- *Certified And Approved*

**PRODUCT  
RANGE**

- *PERTRONIC addressable fire alarm system*
- *PERTRONIC fire Alarm Aspiration Sensing Technology (FAAST)*
- *FIREPRO fire extinguishing aerosol system*
- *JANUS FM200 gas system*
- *ZITON addressable fire alarm system*
- *H2O SCIENCE water mist technology*
- *HAAGEN fire training tools*
- *LHD Lion advanced protection and clothing solution*
- *FIREBEAM optical beam detector*
- *NOTIFIER Addressable fire alarm panels*

## Training and Consultancy

*JSE Services Sdn Bhd provides specialised training and consultancy services in safety, compliance, and emergency preparedness going beyond fire protection systems to deliver real-world expertise.*

### **OUR CORE TRAINING AREAS INCLUDE**

- *Fire prevention and fire safety*
- *Fire Safety Organisation (OKK)*
- *Hazardous Materials (HAZMAT)*
- *CBRNe preparedness and response*
- *Occupational health and safety*
- *Customised training programmes*

### **OUR TRAINING IS BUILT ON REAL OPERATIONAL EXPERIENCE IN**

- *Fire protection engineering*
- *Hazardous materials management*
- *CBRNe response*
- *Emergency and rescue operations*
- *System implementation*

### **WE DELIVER**

- *Improved emergency response capability*
- *Stronger regulatory compliance*
- *A competent and confident workforce*
- *A safer, more resilient organisation*
